

Focus on Retail

...from the ground up.

Becoming Masters in the Art of Floorcare Didn't Happen by Accident.

It came about by our approach to achieve consistent results with our floorcare systems and solutions. Amano Pioneer Eclipse Corporation is the first and only company to manufacture and market totally integrated floorcare systems designed to achieve optimal results every time.

Want proof? No problem. Simply consider the fact that Amano Pioneer Eclipse specializes in developing products that deliver superior results in floorcare while reducing time and labor costs. Our slip-resistant finishes offer a heightened level of safety for your customers and employees. And our backroom and bathroom cleaners serve as crucial components to an overall floorcare program. Whether it's a supermarket or mall, our complete floorcare programs sustain our reputation as the Masters in the Art of Floorcare.

A number of factors have led to Amano Pioneer Eclipse's mastering this art of floorcare.

- High quality system solutions
- State-of-the-art chemical products
- Superior machines designed to meet your needs
- Outstanding customer service
- Comprehensive technical support
- Commitment to achieving the results your customers deserve
- Competitive pricing

How Supermarkets Became Super.

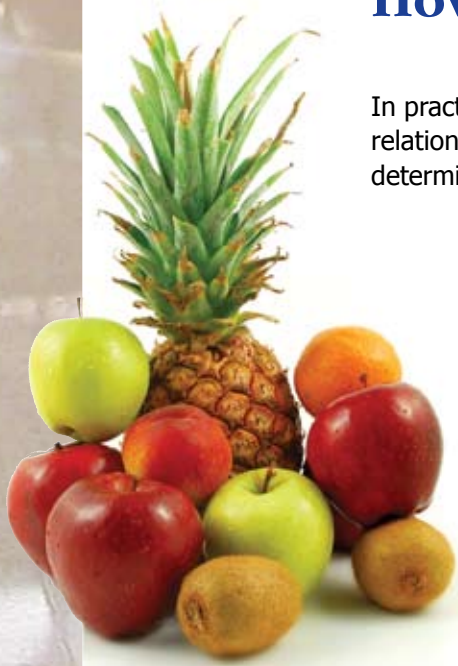

In practically every community in America, people create long-term relationships with their local supermarkets. Some of the factors that help determine their preferred shopping location include:

- Merchandising
- Price
- Produce and meat quality

Guess which factor is at the top of the list?

Store appearance and cleanliness.

Supermarket floors are subject to the most abrasive wear of all surfaces. Utilizing an Amano Pioneer Eclipse floorcare system can provide a slip-resistant surface for customers and employees, as well as yield a shiny, clean floor that contributes to any facility's overall appearance.

What Are Your Mall Shoppers Shopping On?

The success of a mall is often measured by its foot traffic. So it is fitting that Amano Pioneer Eclipse provides the most comprehensive floorcare systems on which all those feet travel. Because malls and retail stores have particular needs for the care of their floors, Amano Pioneer Eclipse has designed the most useful and cost-effective floorcare products specifically for the retail industry. Whether the need is slip-resistant finishes, ease-of-maintenance or floorcare systems designed to cover large floor areas in the shortest possible time, Amano Pioneer Eclipse has the system to meet your needs.

And with the consistent shiny look our floorcare systems provide, your retail establishment can look forward to plenty of foot traffic every day.

What's the difference? It's the Amano Pioneer Eclipse Corporation systems approach. We design systems specifically for retail environments. Our systems utilize ultra high speed or low maintenance floorcare products, equipment and procedures that simplify the maintenance process. Both inside cleaning crews and outside contractors will find how well these floorcare systems work—producing and maintaining superior results with minimum labor while providing ultimate durability.

Incorporating a combination of nightly service and daily housekeeping procedures ensures a facility maintains a high standard of cleaning excellence and sanitation.

As you can see, Amano Pioneer Eclipse has clearly established itself as the international innovator in the floorcare and sanitation marketplace. We continue to focus on providing new ways to help your business flourish utilizing our integrated floorcare systems.

Unique.

As a result of joining forces with the Amano Corporation, Amano Pioneer Eclipse is uniquely positioned to provide an expanded array of services to the retail industry. Not only is Amano Pioneer Eclipse the Master of Floorcare systems, the company offers stellar services in other crucial retail areas including:

- *Time and cost management systems*
- *Parking systems*
- *Environmental systems*
- *Floorcare and sanitation*
